

CIL Working Party

- 1) Attached Terms of Reference.
- 2) It was agreed at the first meeting that the Working Party would seek to engage with the community to get ideas about projects to spend CIL on, but not give out grants. The WP felt it would like to undertake some “big ticket” projects once the CIL “pot” has grown.
- 3) The WP is meeting with WBC officer in August to get more clarification about the different types of projects the CIL could be spent on.
- 4) It will then meet every other month (the month Full Council is not meeting) and report back to Full Council when it has recommendations to make.
